## OPENING DAY'S EXHIBIT

Pony Show the Feature of First  
Day and Many Witness  
Excellent Rings.

## GOLDEN GIRL IS A WINNER

Takes Harness Horse Event From  
Hazel Down and the Great  
Princess V.

Under the most happy auspices and ideal weather conditions the Bourbon Fair opened upon its sixty-sixth annual exhibition yesterday morning. The extremely hot weather which prevailed in no wise affected the attendance which was fully up to the average of former years for the opener.

The opening day which is usually set apart as a special day for the ladies and children had the effect of bringing out a large number of the fair sex and the attractive pony rings delighted the number of children who attended.

The day was marked by as fine a stock show as has taken place since the organization of the society and each ring brought out its quota of blooded stock to compete for the attractive premiums and in each instance the competition was exceptionally strong.

In the Shorthorn show Felix Renick, of Winchester, captured all of the premiums with his excellent string of show stock.

The Shetland pony exhibit was the best, according to judges, that has occurred in Kentucky, with L. C. Price, of Lexington, who had here his show string that has taken premiums at all the county fairs in the State, at the long end. Competition in this class furnished no little excitement and each award made by the judge brought forth vociferous applause.

Mr. Price was successful in securing five first premiums and two seconds in the pony rings while the Barbee Stock Farm of Millersburg, was second with one blue and two red ties.

The fancy turnout driven by children twelve years old and under brought out three entries, and in which Miss Lucille Caywood, the pretty little daughter of Mr. and Mrs. H. S. Caywood, of North Middletown, received the first award while John M. Stuart, of Paris, was awarded the second premium.

Hazel Dawn, owned by Matlack & Shropshire, of Winchester, Princess V., the property of Allie Jones, of North Middletown, and Golden Girl exhibited by J. R. Fagan, of Brooksville, met in the fancy harness horse ring which resulted in a victory for the mare of Mr. Fagan while the Clark county entry captured the second ribbon. Mr. Jones was unplaced with his fine show mare.

The New York saddle horse ring went to Matlack & Shropshire on their fine show mare, June Bride, while Caywood & Hamilton of North Middletown, captured the second premium.

Only three horses were exhibited in this class, the third being Ada B., the property of Collins & Redmon, of North Middletown.

Allie Jones captured the first premium on the roadster stallion with Richelieu King, with Collins & Redmon a close second with King Edward.

The colt show, with its three-way premium, brought out a dozen entries and after fully a half an hour deliberation the blue ribbon was tied on the prize show colt of Plummer & McClure, of Paris, while second honors went to Allie Jones of North Middletown, and third to R. E. Goddard, of Harrodsburg. Following are the awards:

## SEASON CLOSES TODAY

Paris Will Meet Orphans at Mt.  
Sterling in Final  
Contest.

## LOCALS WON YESTERDAY.

Applegate Equals Worlds Record  
in Strike-outs—Paris  
Player is Hurt.

The 1912 season of the Blue Grass League will come to a close today with Paris at Mt. Sterling, Lexington at Maysville and Frankfort at Richmond. Frankfort a few days ago clinched its claim on the pennant while Maysville easily finished in second place. During the past two weeks Paris, Lexington and Richmond have been battling for third place, and Richmond now has that position firmly in her grasp with Lexington fourth and Paris fifth. The Orphans occupy the last position.

Yesterday afternoon Paris met the Orphans and won by a score of eight to five. Applegate was on the rubber for Paris and was very effective. He allowed but nine hits, and struck out twenty men, equalling the word's record in this respect, and did not give a base on ball.

Elmer Locke, shortstop for Paris, was struck in the head by a pitched ball and was rendered unconscious from the blow. He was removed to a hotel where he was revived and while his injury is very painful it is not thought to be serious.

Following the game this afternoon the members of the Paris team will return to Paris and tomorrow the majority of them will go to their homes. Manager Harrell will remain in Paris for two weeks before going to his home in Pittsburg.

## Ladies Serve Delightful Dinner.

The ladies of the Christian church served a delightful dinner at the opening of the fair and had a total of sixty-three paid admissions to the dining room, which together with a number of invited guests, including the directors and officers of the fair, brought the number almost to one hundred. All who enjoyed the repast highly praised the efforts of the ladies. Following is the menu for Thursday:

Corn and Beans Sweet Potatoes  
Escalloped Potatoes Tomato Salad  
Sliced Tomatoes Cottage Cheese

Dear Amy:—

I've been reading in the Sunday papers how you can "make over" old chairs and things and have them look good as new. I bought some furniture polish and tapestry and tried to make new, an old chair.

I spoilt a dress worth more than a new chair and smashed my thumb with the hammer and the old chair looked worse than before.

No more fixing over old worn-out furniture for me. I'll buy new.

Your old friend,  
Lou.

P.S.—Because they sell only stylish long-wearing furniture always at a reasonable price, I'll buy from

**High Cost of Meat.**

The Live Stock Record sums up the high cost of meat as follows: "The principal cause of the high price of meat is the decided shortage of the live stock supply; it amounts to millions of animals, while consumers continue to increase. This brings the problem down to the simple proposition of 'supply and demand,' and no amount of abuse heaped upon the packers for taking good profits or upon farmers for securing good prices can be expected to bring relief to the consumer, now or in the future. Our observations and inquiries lead us to the conclusion that we may look for an indefinite period of high levels in meat prices for the reason that the greatest bulk of live stock which the market demands must be produced on land worth \$50 an acre and upward, because in the average range section it requires ten acres to support a one thousand pound steer five months; in some sections it requires twenty to thirty acres, and at the present price of land in the range country it is quite as cheap to pasture stock on good farm land worth \$100 an acre, and much cheaper, if fertility is such that the steer may be maintained seven months on an acre and a half."

**THEATRICAL.**

All nature lovers who find "sermons in stones and books in the running brooks," may safely anticipate a most delightful excursion with Lyman H. Howe at the Paris Grand on September 10, when he will pilot them through some of the most picturesque rivers of France. These scenes are particularly notable for the wondrous reproduction of the natural colors. All those subtle, delicate tints of nature which are so indescribable will be seen in a pictorial trip of idyllic beauty. Not a single harsh or discordant combination of color appears anywhere. The bee industry, the thrilling race between hydroplane and an eight hundred horse power motor boat in the harbor of Monaco and they are only a few of the other features on a program that is entirely new, excepting only that amazing botanical study entitled the "Birth of Flowers," which Mr. Howe will present again in response to popular demand.

**"THE ROSARY"**

"The Rosary", Rowland and Clifford's theatrical success, which will be seen at the Paris Grand, Monday, September 9. The story is interestingly told, and a cast comprising Harry Nelson, Virginia Lewis Mabel Torm, Elsie Graham, Harry Walker, Ritchie Sowal and George J. Clark with scenic effects that are brilliant. The production is well worth attending.

**LYMAN HOWE'S PICTURES.**

All that glorious profusion of color in nature which has hitherto eluded photography, will be reproduced by Lyman H. Howe at the Paris Grand, on Tuesday night, Sept. 10, during a delightful pictorial trip on some of the most picturesque rivers of France, through the historic palace of Versailles, and also through the city of Paris. In every detail each scene is a perfect and accurate transcription of nature in color as well as in form and motion.

Whaling, the burial of the Maine, the bee industry, a thrilling race between a hydroplane and an 800-horse power motor boat in the harbor of Monaco, and an exciting adventure with a ferocious lion, are only a few of the other features on a program that is entirely new, excepting only that amazing botanical study entitled, "The Birth of Flowers," which Mr. Howe will present again in response to popular demand. No other production that he has ever presented has elicited such numerous requests for another presentation and is in deference to this wide demand that he offers his patrons another opportunity to peer into one of nature's greatest secrets.

### "Both Bad; Neither Good."

County option as a means of promoting temperance was denounced by the State Alliance of German Societies, which closed its ninth annual convention at Lafayette, Ind., Tuesday. The following resolution was adopted:

"We are forced to declare our opposition against the orthodox, Republican party, as well as against its offspring, the new Progressive party. Of course, we have nothing to do with the National election, but as far as the election of State and local officers in the State of Indiana is concerned we most urgently ask the members of our organization to vote for more of the candidates of those parties and to do all that lies in their power to bring about the defeat of both of them."

At the Kentucky branch of the American German Alliance in convention at Frankfort adopted resolutions declaring that the United States Constitution guaranteed all men personal liberty, condemning laws and lawmakers who vote local option laws and urging the members of the organizations to vote independently.

### STOCK, CROP AND FARM NOTES.

—Gnats and flies are giving much trouble to live stock in this and adjoining counties. In some places the pests have become so bad as to cause serious injury to horses and cattle, and various remedies are being tried.

—Abnee & Mussion, of this city, shipped to Cincinnati the past week one hundred hogsheds of tobacco. This firm still has a large quantity of tobacco at their warehouses in this city which they will hold until a later date.

—G. G. Prewitt filed suit in the Clark Circuit Court against J. Hood Smith for \$1,056.12 for damages alleged to have been caused by the defendant's failure to accept a lot of grass seed. The plaintiff claims that he sold to Smith the grass seed at \$1 per bushel, but that Smith refused to accept it and he was forced to sell it to I. F. Tabb, of Mt. Sterling at 55 cents.

—The cutting of tobacco and hemp is at present occupying the time of the Bourbon county farmers who are interested in the cultivation of both crops. The yield of both commodities is above the average both in quantity and quality and the producers are jubilant over the prospects for a banner crop of each. A larger acreage of hemp has been cultivated in this county than in former years owing to the successful tests given by the O'Neal hemp breaking machine which will greatly facilitate the breaking and handling of the crop this fall.

—A Berlin dispatch says, representatives of a local wholesale fruit company have left for America where buying agencies will be located on the Pacific and Gulf coasts. The company has already a branch at San Jose, California, but the enormous fruit crop of Texas has attracted considerable attention and being a more direct route to this country, it is expected that arrangements will be made to concentrate the shipments from America at either Galveston or Port Arthur and forward the fruit to this country by way of these ports.

—The combined receipt of live stock at six western markets last week, including Chicago, Kansas City, Omaha, St. Louis, St. Joseph and Sioux City, were 151,500 cattle, 248,000 hogs and 279,500 sheep.
